Chairman's Report End June 2019

Well another fishing year has been and gone with plenty of fish being either tagged or weighed during the year. Membership fees are now due for the 2019 – 2020 fishing year so get those forms in now. To add to your final points tally don't forget to get any capture sheets in as soon as possible to Jon Eagle for recording. There are some Trophies which are very close and could be decided with captures from the month of June.

Presentation night is just over a month away now. It will be held on the 10th August we have our live entertainer Richard booked in and with lucky door prizes and plenty of giveaways it should be an excellent night as always.

Reminder re Club Day weigh in you must be present to gain double points and take out the prize money for the month.

Our A.G.M. will be held after the General meeting on the 12th August.

There will be positions on the committee up for grabs so we need members to be prepared to jump on the committee and help out, for nominations contact one of the present committee.

Last Club Meeting we had several members come along to the BBQ prior to the meeting, the MBBC have decided to continue with the Monday night BBQ for the time being, so if you come down for a meal before the meeting it will be available.

The Committee have had a sit down with the new MBBC Board management to finalize the M.O.U. for the upcoming year and we have had a very good response from them. I feel the MBBC will continue to work with us to increase our numbers again by providing us support during the year.

Stay safe and good fishing.

Noel

Club Captain's Report

Another year has passed and we are pleased to have had two great events this year with Australia Day tournament which had fantastic weather conditions and our Sportfish tournament in April.

Thank you to all of our Sponsors and prize givers this year and also all of our helpers for our major events and ongoing raffle nights. With this constant support our club has run successfully. Your support is something our club needs at this time. As positions within the club change each year it would great to see some new faces put their hands up at the AGM for committee positions. It goes without saying that the club is always looking for new members.

I would like to send out a special recognition to Ethan Kroll this year for representing our club with being the current Junior Australian record title winner with a Mahi Mahi - Well done Ethan!

Don't forget the Marlin will be on again soon. Who will be the first fisherman on the board to catch one?

See you at Trophy night where we can eat, drink and be merry.

Maddy Eagle

Weigh Master's Report 30.06.19

Hi Everyone. Our June weigh-in barbeque was again held on the deck with a good role up and plenty of socialisation happening. Everyone seemed relaxed and settled back with a few drinks and great food. We are so privileged to have such a great facility as the MBBC for a venue. The sunsets down there have been awesome over the last few weeks.

Fish wise things were a bit quiet with only a couple of fish weighed in. Our in-shore species for this month was Bream and was worth \$100. Young Jesse H. caught the biggest Bream around the old 1 pound size, but unfortunately was not able to attend the weigh-in. Our rules stipulate that you must be at the weigh-in to claim the money. Noel D. had the next sized Bream which was only a bit more than legal so he was awarded the money. As a very kind gesture he shared the money with Jesse. Well done guys.

The off-shore species (Long tail Tuna) went unclaimed so that will jackpot to \$100 for this coming month. The fish for July are Amberjack and Tailor. There should be some Tailor showing up at Scarborough and the usual haunts after our last cold snap and some rain to flush the bait out. I will be keen to have a go in my new tinny.

Looking forward to seeing everyone at the July weigh-in, if you haven't been for a while come down at 3.30. Quite a few of our partners have been turning up so bring yours and the kids. Tight lines and cheers.

Ralph Bowler

Tight lines and cheers.

Ralph Bowler

July 2019

Fish of the Month

MONTH	OFFSHORE SPECIES	PREVIOUS WINNER	INSHORE SPECIES	PREVIOUS WINNER
August	Pearl Perch	Jon Eagle	Bream	No Winner
September	Snapper	No Winner	Whiting	Mark Rose
October	Cobia	No Winner	Javelin	No Winner
November	Mahi Mahi	No Winner	Salmon	No Winner
December	Wahoo	No Winner	Bass	Noel Day
January	Yellowfin Tuna	No winner	Dart	Mick King
February	Mackerel	No winner	Cod	No winner
March	Mackerel Tuna	No winner	Bream	Andrew Doherty
April	Pearl Perch	No winner	Flathead	Nigel Harbourne
May	Sweetlip	Noel Day	Bass	No winner
June	Longtail tuna	No winner	Bream	Noel/Jesse H
July	Amberjack	100	Tailor	50

To win the money for the monthly nominated fish inshore or offshore species, simply weigh in the heaviest **Amberjack** or **Tailor**. All fish weighed, regardless of whether they are in for the 'fish of the month' must be labelled with the angler's name and line class. To receive double club points, fish must be tagged or caught on the Club Weekend only and the cards correctly completed and handed in or fish weighed in at M.B.B.C. from 3.30pm to 4.30pm on the Sunday. Prizes for the heaviest 'fish of the month' will be awarded on the day so you must be there. Remember, club fishing weekend starts on midnight on **Friday 12th July** finishing on **Sunday 14th July** at 3.30-4.30pm.

Update on Ralph's Fishing Lessons at Morayfield

I have been working back at Morayfield State School this year for one day a week. A tough gig but John Eagle has been encouraging me and giving me some counselling...lol. On a more serious note I have been working with about 15 boys in years 5 and 6 who are on the Autistic Spectrum. My responsibility has been to teach them some social skills and anger management strategies.

This term I decided to use fishing as the content of my lessons as this would give them some life skills as well. Some of these boys have never held a rod and very rarely go outside. We tied knots, learnt about different rods, reels and tackle, learnt to identify different species and measure them and finally practised some casting out on the oval.

Our culminating activity was last Saturday at Bribie Island. Unfortunately, the numbers were down a bit due to the weather which wasn't too kind with a 20Knt southerly blowing up the passage and a cold day to boot. We invited families as well, so a few parents and grand parents helped out. We managed to fatten up the local Toad Fish population and only managed to pull one small Bream from the water. However it was a great day. I intend to revisit the topic again later in the year and probably go back to Bribie for our break up day.

I want to thank our club members who donated rods and reels, much appreciated , they will remain at the school for future programs. I approached a couple of the big "Outdoor" retail outlets for donations of tackle and perhaps sponsorship but only got fobbed off by red tape and referrals to head office, bit common these days.

The kids enjoyed the program and so did I.

Cheers

Ralph

SIMRAD

Fishing initiative not just a passing FAD

Thursday, 27th June, 2019 | By: [Josh Cox](#) Category: [News](#)

Minister for Agricultural Industry Development and Fisheries
The Honourable Mark Furner

South-East Queensland fishers are set to reel in a bigger catch with the installation of fish aggregation devices along the Sunshine and Gold Coasts and in Moreton Bay.

Minister for Agricultural Industry Development and Fisheries Mark Furner said devices, called FADs, were a floating buoy that gets tethered offshore and attracts fish.

“We’re investing \$1 million in rolling out a series of FADs that will attract sports fish species including Mahi Mahi (dolphin fish), cobia and mackerel,” Mr Furner said.

“The added benefit of making it more likely that you’ll hook one of these species is that it takes some of the pressure off snapper and pearl perch, which are currently overfished and stocks are very low.

“Over the next year we’ll be developing a design and installation plan for the FADs in consultation with stakeholders. A FAD monitoring and maintenance program will also be developed.”

Member for Lytton Joan Pease said enhancing the fishing experience in Moreton Bay was good for fishers and for local jobs.

“For many people fishing is an important part of Bayside lifestyle, but it also drives more visitors to our region and that creates jobs,” Ms Pease said.

“This is a great initiative because it will enhance our reputation as a great place to drop in a line, and that means more jobs in businesses servicing those visitors.

“We are investing in jobs today and for the future, and delivering infrastructure for our state.” Mr Furner said the State Government would also be exploring opportunities with potential partners who may be interested in matching funding to roll out even more FADs in South East Queensland or more widely.

“NSW Fisheries has already demonstrated success with FADs installed along its east coast, which attract large numbers of dolphin fish,” Mr Furner said.

“We believe that this initiative will help to strengthen world class recreational fishing in Queensland while giving snapper and pearl perch an opportunity to rebuild stocks.

“By encouraging recreational fishers to target species other than snapper and pearl perch, we can ensure that our kids and grandkids will be able to enjoy fishing for these iconic Queensland species in future.”
