Club Captain's Report

G'day all,
looks like there is a few fish being caught at moment, going on the last club weigh in. I had a snapper and flathead to weigh, some good snapper being caught in close on the reefs around Redcliffe.

The inshore species was hotly contested with about 4 or 5 bream to weigh in, with Mick King taking the lollies. It was really good to see a couple of juniors weighing in some fish including bream, they were both really proud of getting their photos taken in front of the board.

Don't forget the Snapper and Pearl Perch closure from 15 July to 15 August.

Book the date in for our presentation dinner on the 28th of August.

QGFA Report

QGFA Report June 2021

Hi Members. The fishing year is drawing to a close, as is my position as QGFA Delegate for 2021. It has been informative rather than exciting, but I have enjoyed liaising with the QGFA Executive and informing you our members of what is happening. I hope to travel to Airlie Beach for the AGM in August. At this stage I am thinking of re-nominating for the position again for the 21/22 season.

Many of the Northern Zone clubs are starting their Tournament season now. The Townsville Ladies Tournament was held a couple of weeks ago with 66 anglers including 2 juniors. A good number of Pelagic fish were caught but only 5 Black Marlin. Yorkie's Knob GFC and Lucinda GFC will host tournaments in July.

Game fishing has been a bit quiet this month. Except for the "bite" down off the Goldie in January it has been a relatively quiet year. Hopefully the Blues and Stripie's will come on the chew now if the weather gods will help us out.

Make sure you send in any photos of game fish caught and some reports for Tackle Box would be great. Enjoy your fishing and tight lines.

Weigh master Report

G'day Gang,

Another fantastic weigh in that was well supported by both new and old club members.

The offshore species – jackpots again however inshore went off, congrats Mick King weighing in the winning Bream.

Busy day on the scales –

Aaron Watkins – Bream - .4 kg

Nigel Harbourne – Bream -.59kg

Mick King – Bream - .86kg

Beau Rose – Flathead - .86kg

Vaughn Daly – Snapper – 1.12kg

Beau Rose – Snapper – 1.12kg

Vaughn Daly Snapper - 1.32kg

Beau Rose – Tailor - .7kg

This month, Amberjack and Tailor for the club weekend. goooooo get em.

Those of you needing Tags please don't hesitate to reach out to myself or any of the clubs executive committee. Don't forget we can certify your scales too, let me know if you're interested.

Until then, keep a bend in it!

July Report

In the ANSA Club Championship, our club finished in 4th position with 57 different species which is 13 species more than last year. I think we had more members making an effort to lodge captures on the website, but we also had our Champion junior Diego Zambrana fishing hard and catching plenty of species.

The high light of my fishing year was the trip to Hinchinbrook Fishing Festival with Vaughn Daly. Making the road trip to fish a new location like the Hinchinbrook Island was amazing. We didn't catch the numbers and quality that some other ANSA members did but I still enjoyed the challenge. This year the festival is at Yeppoon so I am definitely going to fish the Fitzroy River which will be another new destination for me. Another highlight of the year was watching Vaughn Daly get his first Barramundi while casting paddle-tail plastics at Lenthalls Dam. It was a very exciting moment for the young man who has only been fishing a few years and ticks off another species. As soon as the weather heats up we will be back to Lenthalls.

We had many enjoyable events throughout the year, include our Sportfish competition, the Somerset Interclub, Borumba Tag-a-tog and several social weekends with other ANSA members. And I can't wait to do it all again this year.

Currently my boat "Kingfisher" is out of action so it will be a slow start to the fishing year for me. Give you all a head start. On the fishing front, my last few trips out have provide me good numbers of mid-size Flathead. Most of my success has been on the last half of the run out tide casting soft plastics like Gulp 4' swimming mullets or Squidgy Wrigglers rigged on a suitable jig head. I like cast to the edge and hop them back to the boat but if the water is shallow enough you can slow roll them back and pause as it rolls over any drop-offs.

Good luck to everyone for the new fishing year and I hope you tick a few of your bucket list.

Recent Trips & Captures

John Smuck & Sarge have just returned from their annual pilgrimage to the Swains group of coral reefs for some quality fishing time with 17 other mad fisho's. Fishing was rather tough going with the wind blowing at 25 to 30 Knots the whole week & finishing at 28 to 33 the final day! so it wasn't real pleasant out in the Dory's, but we stuck to it and some really nice fish were taken in between feeding the sharks! The fish numbers were down on previous years but there was still a lot of fun on board the Big boat at night ,such as Dress up night with John as Jimmy Buffett , & Sarge as Bob Marley, along with lots of other incredible dress ups by the group ! So a good time was had by all!

MEDIA RELEASE

FOR IMMEDIATE RELEASE | Tuesday, 18th May 2021

GET READY TO FISH FOR YOUR MENTAL HEALTH AUSTRALIA!

The date for this year's highly anticipated Gone Fishing Day is Sunday 10th October 2021, coinciding with international mental health day.

The Australian Recreational Fishing Foundation's Executive Officer Adam Martin announced today and saying expectations could not be higher following the event's stunning online success last year.

In 2020, the national event reached 450,000 people on social media and over 1000 locations around Australia participated.

"Gone Fishing Day may be our nation's biggest event on the fishing calendar and a celebration of our sport on a massive scale, but it also gives us an opportunity to showcase the many benefits recreational fishing brings.

That is why this year we will shine a light on how recreational fishing can improve mental health; a message that is relevant to all Australians, not just those who fish, and we look forward to making further announcements as we get closer to the date." he said.

Recreational fishing emerged as one of the most participated activities during the Covid-19 pandemic when social, outdoor, and sporting activities were restricted, resulting in more Australians picking up a fishing rod for the first time.

Mr Martin said there has never been a better time to promote fishing to improve a person's mental health and wellbeing by connecting with the natural environment.

"It is widely understood that fishing can improve a person's mindset and self-esteem, but it also helps you focus on the simple nature of wetting a line."

Australians are being encouraged to participate on Sunday 10th October and to download the Gone Fishing Day App where participants can upload photos of their catch and location.

Fishing is central to the Australian way of life with an estimated 3.5 million participants annually wetting a line from the shore or boat or donning a wetsuit in pursuit of diverse fishing experiences. For some it is a sport or a leisure activity, for others it is a social activity spent with family and friends. Whether you are young or old, recreational fishing is a lifelong activity that everyone can enjoy while connecting with Australia's unique marine and aquatic environments.

For further information visit the Gone Fishing Day website www.gonefishingday.com.au and follow Gone Fishing Day on Facebook and Instagram. The Gone Fishing Day app is available for download for both the Apple and Google Play and will be receiving updates as the date draws near.
